THE OPPORTUNITY

Every street has bikes. Not enough people to fix them.

Workshops and service centres need skilled technicians, and electric scooters have added a whole new set of skills to learn. This course trains you for both.

THE COURSE

8 months. Workshop first.

8	90%	500+
months	practical	hours

YOUR 8 MONTHS

6 months Training: practical + theory

2 Internship

01 Learn

Short, clear theory: only what you need to understand the machine. 10% of your time.

02 Practice

Tools in your hands on real vehicles, every week. 90% of your time.

03 Achieve

Two months of internship on a real service floor, then your job.

CURRICULUM

From engine to electric.

REAL WORK AT THE 2 GOOD WORKSHOP

IN THE WORKSHOP · 90%

- Engine dismantling and assembly
- Fault diagnosis with scan tools
- Battery and charging system service
- Gear and transmission overhaul
- Brakes, suspension and chassis work
- Real service-floor jobs

IN THE CLASSROOM · 10%

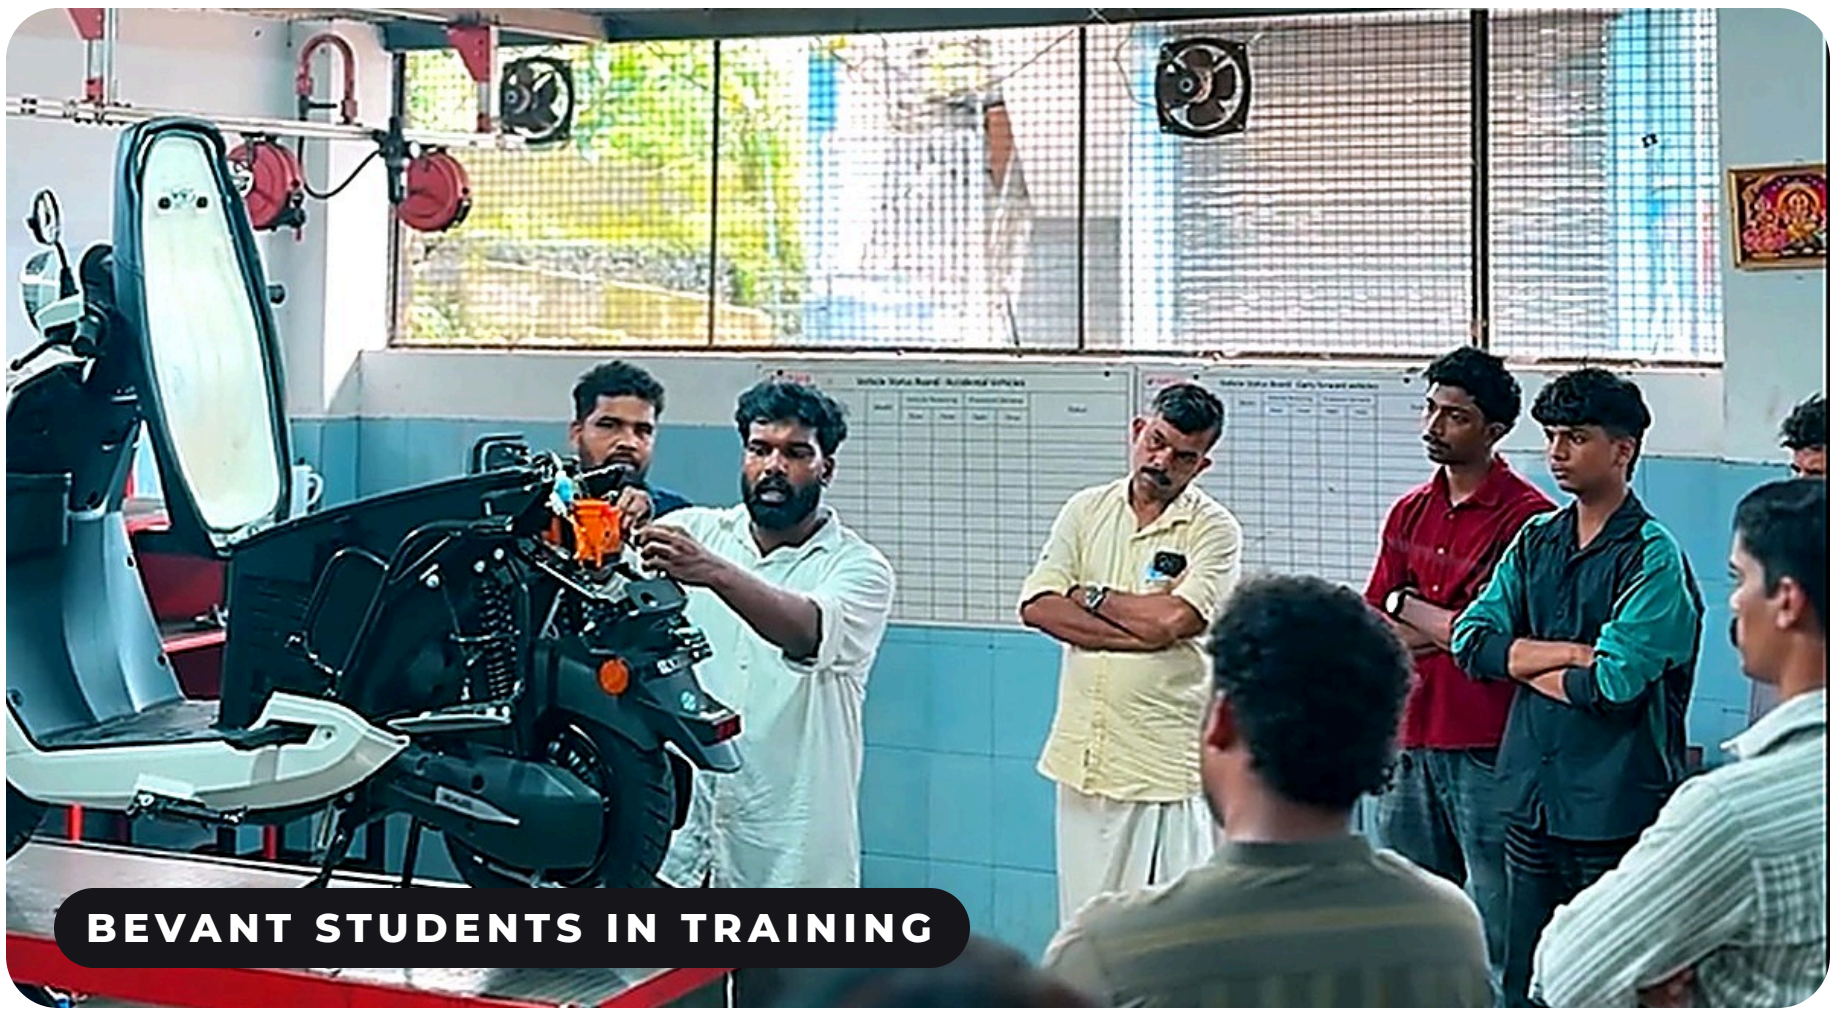
- Engine systems and working principles
- Electrical circuits and wiring diagrams
- Fuel injection and carburettor systems
- Emission norms and BS-VI
- Workshop safety and tool handling
- Customer service and communication

EV two-wheelers included

Electric scooter fundamentals, batteries and powertrains. You graduate ready for petrol and electric.

THE BEVANT DIFFERENCE

Your classroom is a working workshop.



BEVANT STUDENTS IN TRAINING

Bevant Academy trains with the 2 Good Two Wheelers workshop in Pattambi, a multi-brand service centre for petrol and electric two-wheelers.

→ **Real vehicles, real faults**

You practise on customer-type jobs, not just demo models.

→ **Trainers from the trade**

Technicians with 10+ years of field experience.

→ **Modern tools**

Diagnostic equipment for BS-VI engines and electric vehicles.

→ **Two-month internship**

Finish on a live service floor before you start work.

AFTER THE COURSE

Six ways to earn.

01

Service Technician

Brand service centres for petrol and EV scooters.

02

Workshop Mechanic

Multi-brand garages and repair shops.

03

Service Engineer

Diagnose and repair engines and electric powertrains.

04

Spare Parts Advisor

Parts counters at dealerships and spare shops.

05

Roadside Assistance

Breakdown teams for insurers and fleets.

06

Your Own Workshop

Start your own two-wheeler service shop.

TWO-WHEELER TECHNICIAN COURSE

Job guaran-teed.

Skilled two-wheeler technicians are in high demand. Finish the course, and we place you.
